**\* Compliance Notice:** To maintain HIPAA compliance during the digital collection of Personal Health Information (PHI), healthcare providers must subscribe to a Google Workspace **Business Standard**, **Business Plus**, or **Enterprise** plan. Google also mandates that healthcare providers sign and execute a **Business Associate Agreement (BAA)**. Please be advised that the Google Workspace **Business Starter** plan does **not** provide the necessary security features for HIPAA-compliant data handling.

**Not enough or too much? Our packages are flexible - contact us and we'll fit your needs.**
